GOSSAMER WATER-PROOF CAPE.
THE MANUFACTURERS claim for the above new style of cape the following:
That they are perfectly water-proof.
That, if worn in the rain twenty four hours, they will not absorb any moisture, while the old style will nearly double its weight, and not keep the wearer dry, either.
That, when rolled up, they are only seven inches long, and three inches in diameter, and can be carried in the pocket, while the old style is as large and cumbersome as a woolen shawl.
That, being so light-weight, and having no warmth, they are welcomed by all ladies for warm-weather use, or to throw over a winter cloak in cold weather.
That they are not affected by either cold or heat, neither will they become soft and useless with warm damp weather.
That all who have used the Gossamer Capes have expressed themselves perfectly satisfied with them.
That a lady, who has a Gossamer in her pocket, can leave the troublesome umbrella at home, and if the rain comes before she reaches shelter, with the Cape thrown over her, and the hood over the bonnet, she is far better protected than she could be with the umbrella.
For sale at manufacturers' prices.

AGRICULTURAL.

HIRED MEN.

Every farmer must decide for himself if it is better for him to hire help and cultivate more land, or cultivate less land and do without help. But it is cheaper to pay for help than to let work get behindhand, or to leave necessary work undone. The best help is the cheapest. A married laborer is as a rule the steadiest. Besides, he need not be boarded in the house, to the serious inconvenience of the family, and the destruction of domestic privacy. Farmers who hire constant help should provide a dwelling for the men, where they may be boarded by one of themselves. Farm laborers should be paid every week or every month; these short settlements prevent mistakes and disputes. Cash purchases more than credit.

ABOUT ORCHARDS.

"But you keep your own orchard in grass," said the deacon, "and it does not seem to rob the soil of moisture. The trees and branches are full of sap, and the dark green leaves, and the size of the fruit, show plainly enough that the trees get an ample supply of food and water." There are two reasons for this. 1. Drouth has comparatively little effect on rich land. The "sap of the soil," as I call it, is rich in plant food, and the trees can get all the food they need, without absorbing so much water. I suppose, too, that this rich sap has a tendency to close up the pores of the leaves, and thus check evaporation, just as salt and plaster do when sown on wheat and clover fields. 2. The sheep eat the grass close to the ground. The blades of grass shoot up like asparagus, and are instantly cut by the sheep. There is little chance for the plants to evaporate moisture. I think this five acres of orchard produces a larger quantity of rich grass than any other dozen acres on the farm. And what is more, it produces it in the dryest and hottest season, just when the other pastures are bare and brown, and when food is scarce and valuable. Two or three days' rest at any time give me a nice bit of grass for the lambs.—["Walks and Talks About the Farm."

DOES CHEESE-MAKING PAY?

A gentleman who has canvassed the matter considerably and gathered the figures under various circumstances presents the inquiry: "Does cheese-making pay?" One patron, Mr. E. E. Parkhurst, brings his milk to the factory, 110 pounds a day for six days, amounting to 660 pounds and by frequent experiments our factory requires 8 pounds of milk for one pound of cheese. Now that would give 82½ pounds of cheese, and at 16¾ cents, or $2 29 each day. Now by actual experiment one day's milk was saved and made into butter, making 3½ pounds at 25 cents per pound, would amount to 87½ cents per day, or $5 15 per week of six days. Deducting $5 25 from $13 75 leaves $8 50 in favor of cheese-making and the labor Mr. P. considers about equal in making the butter or taking the milk to the factory. Another man says he never kept any account, or really had any idea of the profits of the dairy; said he could sell his butter right at his door for 25 cents per pound, and save him the trouble of taking his milk to the factory. So the writer questioned him as follows: "How many cows do you milk?" "Three." "Well, how much butter do you make in a week of seven days?" "Twelve pounds, which I sell for 25 cents per pound, amounting to $3." "Very well. Now let us look at the cheese side of the question. How many quarts of milk do you get a day?" "Thirty-six quarts." "Well, that is nine gallons, which weighs nine pounds to the gallon, making 81 pounds a day, or 567 pounds per week, allowing 8 pounds of milk to make one pound of cheese, would make 71 pounds of cheese worth $11 83. Taking $3 from $11 83, leaves $8 83 in favor of cheese-making." "Well, by hokey that hents me."

TREATMENT OF PEACH TREES.

To grow peaches the right way, writes a correspondent, the trees should be headed in every Spring. By doing this the trees make a vigorous growth of young wood, and the result will be plenty of fine peaches. It is on the young wood that the fruit grows, and the trees look so much better when headed in than when they are left to grow in their own way. I have done it to trees that were in my care, and last season they were a sight to see; such fine peaches would be hard to find elsewhere, and the trees had never yielded anything before, as the fruit was always small and fell off before it ripened. There was one tree that was not headed in, and it had but half a dozen peaches on it. The other trees were not fifty yards from it; so it looks as though it paid to do it. It might not pay for the general peach grower that had one hundred acres in cultivation, but I think if he would try a few trees he would get finer fruit and a better price for it. It is better not to grow so many, but to grow finer ones, and clear more money. I find it pays to put wood ashes and lime; and a light sprinkling of salt around each tree. The top earth should be removed from the tree before the ashes, lime and salt are put around it. If the trees are at all unthrifty it will restore them to life again, and in a short time they will look as thrifty as though nothing had been the matter with them. I think this helps to make fruit stay on. I would advise everyone that has a few trees to try what I have recommended, and see if their fruit does not ripen better, and grow finer than when they are left to have their own way. The soil where these trees stood was a heavy clay soil, and the ground had never been worked, as they were planted by a stone wall, with hot beds next to them, which prevented working.

THE KITCHEN GARDEN.

Whether one has his garden in Georgia or Canada, he needs a hot-bed; one only will do for a private garden, while the "trucker" needs rows of these and frames. Most plants require about six weeks until the time they are large enough to set in the open ground, and this will serve as a general rule, though not an absolute one. If one wishes very early tomatoes he takes his plants from the hot-bed where they were sown, and transplants them to another hot-bed, and so with some others. A position for hot-beds should be selected where there is ample shelter on the north and west sides; also see that they are not placed near buildings which harbor mice, as these pests often destroy an entire sowing of seeds. The frames should be eighteen inches high at the back and twelve in front and wide enough to hold the sash, which is usually six by three feet; the length of the frame must be governed by the quantity of seeds to be sown. Frames made of an inch and a half chestnut, put together with hooks at the corners are more durable, and can be stored in a small space when not in use. Where early hot-beds are made they often require what is called "lining," or the application of fresh manure to the outside to keep up the heat.

Cold frames in which cabbage and lettuce plants are kept over Winter require air every day when the weather is not freezing. During storms the snow may be left on the sashes a few days without injury to the plants. In very cold nights the sashes must be covered with mats or shutters.

THE NEWPORT DAILY NEWS AND THE NEWPORT JOURNAL.

THE DAY.

It is consoling to learn from Carl Schurz that the country will not be ruined by eight years of Grantism. Carl takes a hopeful view of the situation. He doesn't seem to be one of the bloody Schurz.

A destructive fire occurred in Montpelier, Vt., on Saturday morning, by which about twenty stores and dwelling-houses were destroyed. The loss will amount to about $114,000, about half of which is covered by insurance. It is supposed to have been the work of an incendiary.

The real estate business in Newport for the first third of 1875 may be summarized as follows:—In January there were twenty-six sales aggregating $78,533.50, and one sale on private terms. In February there were five sales aggregating $39,855.31 and one sale on private terms. In March there were nine sales aggregating $73,096.79, and three on private terms. In April there were seventeen sales aggregating $48,078.33 and four on private terms. Total,—sixty-six sales, of which nine were on private terms and fifty-six aggregated $239,563.93.

STATE MISCELLANY.

The commissioners to build the new court house at Providence have adopted the plans submitted by Messrs. Stone & Carpenter, and have appointed those gentlemen the architects.

Cornelius Murphy of Salem, who had been in Providence for several days on a visit to his brother, cut his throat with a razor Friday morning, but the injuries were not serious. Domestic trouble is said to be the cause.

Two small boys named Sullivan, brothers, of Waterford, were fishing near Buffum's Island Woonsocket, Thursday afternoon. The elder one is said to have fallen in and was rescued by the younger after coming to the surface a second time.

The fire that communicated to the woods about three miles from Westerly on Wednesday was caused by Mr. Jos. Babcock in burning brush. Getting beyond his control, it burned from early morning until 10 o'clock at night, laying waste several hundred acres of valuable woods on lands of Emery Babcock, Harris Chapmen and the Pardon Babcock place. With great difficulty the house of Sumner Chapman was saved, by a large gang of men. Had it crossed the road and got into the Charlestown woods, the destruction would have been great. Our informant says $3,000 worth of wood was burned; in one lot, ready for market, there were thirty cords of wood destroyed. Later accounts say there were upwards of five hundred acres burned over, and it was only stopped by ploughing around it.

A SPECIMEN OF OUR NAVY.—At the New York navy-yard the Tennessee (23 guns), is engaged in a dock trial of engines, which, though running very slowly, are yet moving very easily and smoothly at the rate of twenty nine turns per minute. The vessel swarms with assistant engineers on duty, in connection with the trial. The officers reported for duty on the 23d, and Rear Admiral Reynolds received a salute of thirteen guns. This beautiful wooden steam yacht, with her armament of smooth bore cannon, will probably soon be ready to terrify the barbarian Chinese with their new iron-clads and Krupp guns! It is estimated that this wooden vessel has cost the government since her keel was laid nearly four millions of dollars, and she has thus far only made one short cruise.—[Army and Navy Journal.

BLUE AND GRAY AT CHICAGO.—Some of the religious papers are surprised that Chicago, in the coming reunion of the Grand Army of the Republic, which takes place in this city the second week of May, has invited the Confederate soldiers to participate. "Whether this action was wise, or not, can only be determined in the light of future events," says one. Now that editor does not know that it is a part of Chicago's business to make "future events," and that this little mix-up in May will help to right matters when the "light of the future" gets around. When will the great outside world fully learn that Chicago is no "mean city?" It is true some of our clergy opposed union religious meetings the other day, and frightened the majority of the divines into silence on that point, but that only shows that Brothers Moody and Sankey were out of town. No, the union business will be all right in May.—[Chicago Alliance.

LUCKY NEWMAN.—Talking of Parson Newman, the Washington correspondence of the Hartford Times says the reverend doctor has only himself to blame for the savage attacks that are made upon him. He is a Methodist clergyman, and that sect, next to the Quakers, are noted for their simplicity and freedom from worldliness. Even their houses of worship are required to be without ornament or decoration. To prevent too strong local ties, their clergy are only permitted to preside over the same congregation for two years. The Metropolitan church in Washington and the Rev. Dr. Newman are the reverse of all this. The church is the most costly and pretentious in the city, and the pastor the most worldly. The Metropolitan is to a considerable extent on the sensational plan of Plymouth church and congregation. The high prices paid for pews depends upon the retention of Dr. Newman. The church was dedicated the Sunday after Grant's first inauguration. A [front pew with a silver plate on which was inscribed "The President," was reserved for Grant and his family. Dr. and Mrs. Newman have always formed a part of "the court," and while Mrs. Newman would be resplendent in velvet and point lace, at the receptions, her husband would appear in a dress coat, white necktie and a folded opera hat under his arm. Nothing could be more unclerical looking than this reverend gentleman at balls and routs. When the two years expired that he could remain at the Metropolitan church, the annual conference, in deference to the President's wishes, added another year to his term. The time finally came when either the church was to rescind one of its ordinances, or Dr. Newman must yield up his church to another. So it was decided that the doctor should be appointed inspector of consulates, take a trip around the world at a good salary, and his wife accompany him as his private secretary, and be paid $1200 a year. The trip was to consume two years, when he would again be eligible as the pastor of the Metropolitan church. The full programme has been carried out, and the 1st of April found him back and regularly installed in his pulpit and the compact between him and the President has been fulfilled to the letter.

MURRAY'S CIRCUS.—John H. Murray's great railroad circus will perform in this city on Wednesday afternoon and evening next. Mr. Murray who always brings us a good show, seems to have outdone himself this time. His troupe is larger and better than ever before, and the performance embraces a multiplicity of attractions. Among the list of performers are enrolled the names of Hubert Cooke, who makes his first appearance in this country in his specialty of "The English Jockey"; Mlle. Adelaide, equestrian; Whimsical Walker, trick clown; Mlle. Eva, tight rope performer; Professor Leon and his three sons, Edward, Alfred and Joseph; Hector and Faue, gymnasts; Wooda Cook, somersault rider; Mlle. Louise Cottrell, equestrian; Tom Barry, clown and vocalist; Mlle. Turnour, equestrian; Signor Cottrell, clown; James E. Cooke, rider of six horses; Eugene Leech and Clifford Leopord. Mentor's band will furnish music at each entertainment.

FUGITIVE REAL ESTATE.—Col. Waring, in Scribner for May, tells the following incident of the drainage of Haarlem lake: A curious phenomenon, however, occurred in connection with the outer dike of the canal on the east side of the lake, where it crossed an area of floating soil which bordered wide ponds near the village of Aalsmeer. An area of many acres, detached by the canal from the old works of defense against the lake, found itself one fine day driven by the tempest from the bank of the canal to the other side of the pond. The proprietor implored the aid of the commission. His land had floated to the opposite shore, widely separated from his other fields, and resting on water that was not his own. By the combined effort of the proprietor and of the commission those fugitive fields were towed back to the borders of the canal and pinned in place by piles and poles which prevented them from undertaking another voyage.

REAL ESTATE SALES.

Thomas Burlingham sold at auction on Saturday the estate on Long wharf belonging to Edward T. Allen to Richard Lawton for $6,000.

George Alvin Simmons has sold one of his estates on Cranston street (or avenue), to George Pitman, for $6,000.

THE LIFE SAVING STATION AT BLOCK ISLAND.—The crew of the United States life saving station No. 2, third district, located on the east side of Block Island, make the following report of last Winter's service:—They assisted the schooners N. F. Dixon and H. B. Anthony in the gale of December 20th: tendered their services on the 4th of January to the captain of the schooner W. D. B. of Bath, Me., ashore on the northwest part of the island; tendered their services January 12th to the captain of the schooner Laura E. Mercer of Rockland, Me., ashore on the north part of the island; on the 7th of February rescued the crew of the fishing schooner Pathfinder of Newport which had run ashore among the rocks and ice near the station in a northeast gale in trying to make the harbor at midnight of February 25th assisted in getting the schooner H. B. Anthony underweigh and into the harbor in a northwest gale of wind.

RAPPINGS.—Policemen Chase and Holland overhauled William Rapp on Saturday night at about 12 o'clock, loaded with rakes, hoes, and garden tools. On being asked to give an account of himself he reported that he had bought them at auction and was simply taking his property home. An examination of the articles, however, revealed the name of Com. Wm. Edgar branded on the handles, and as that gentleman has not been selling out, it was thought best to look into the details of the affair. An investigation showed that Mr. Edgar's tool house had been broken into and robbed and that Mr. Rapp was making away with the spoils. The property of course, returns to the owner and the thief to the station house. Our readers will bear in mind that this is not the first time that Rapp's name has appeared in connection with unlawful transactions.

At last accounts there was gardening to be done at the state farm, and one so anxious to use the rake and hoe should have ample scope for the display of his talents.

TOURO CHAPEL.

DEDICATION OF THE LATE ACADEMY OF MUSIC BY THE MT. ZION AFRICAN METHODIST EPISCOPAL CHURCH.—SERMON BY BISHOP SHORTER.

The old and well known Academy of Music is no more. It was yesterday in due form and by impressive services changed into Touro chapel and is henceforth a house of worship for the African Methodist Episcopal church of this city. The building has been somewhat changed in appearance as well as in name. The stage has given way to the pulpit, the white walls and ceilings have been tinted with appropriate colors, the rear rooms metamorphosed into a parsonage and it is not too much to say that, if the old structure has not been born again it is certainly made a new creature. The building as now arranged makes a very beautiful house of worship and shows much taste, enterprise and skill on the part of its new owners.

Yesterday was formally set apart for its consecration to the service of Almighty God. The interest taken by the colored people in the affair was evident from the very large numbers in attendance. A special train from New Bedford and a boat from Providence brought interested people from abroad, and at the hour of morning service the spacious audience room was filled to its utmost capacity, even to the standing room at the door. The service began by responsive reading as the Rt. Rev. Bishop Shorter, of Ohio proceeded up the middle aisle followed by a procession of clergy and church officials who took their seats on the pulpit platform and in the altar.

After an opening anthem by the choir, which was well sung, The Rev. E. T. Williams of Worcester, Mass., read a dedicatory prayer from the ritual after which the bishop went through the usual forms of consecration provided for such occasions. "After farther singing by the choir the bishop took his text, Matthew xvi:18." And I say also unto thee that thou art Peter, and on this rock I will build my church; and the gates of hell shall not prevail against it."

In discussing this passage and its context the reverend bishop quoted largely from the Old and New Testaments to show that both prophets and apostles often referred to Christ as the rock or chief corner stone upon which the church should be built, and the speaker argued that it was the recognition and confession of this fact on the part of Peter to which the Savior referred in the use of the text.

The church thus established in the hearts of believers can never be overthrown. It has withstood the opposition of the world, the assaults of corrupt forms of Christianity and has come forth from the fires and from the inquisition purer and stronger than ever, and it must finally and fully triumph.

At the close of the sermon the Rev. Mr. Shreeves made an appeal for $1600 to aid in paying for the purchase and fitting of the chapel and the collection was taken for this purpose. In the meantime the choir of the Providence church sung a most beautiful anthem in a manner that showed thorough cultivation and training in the musical art. The whole service passed off in fact, in a manner thoroughly satisfactory to those concerned.

The sermon in the afternoon was by the Rev. William E. Dickerson of Boston, when the congregation was again very large and enthusiastic. In the evening, the Rev. Mr. Haysett of Providence was the preacher and the house was not only completely filled but many went away without being able to gain admittance. There was a large sprinkling of white people in the congregations during the day and evening, all of whom seemed equally interested in the exercises.

At the close of the sermon Mr. Shreeves gave a little historical sketch of the church. It was organized with sixteen members about thirty years ago in a school house on Spring street which still stands, though used now for other purposes. After two or three removals it undertook the erection of the Spruce street church of which the cornerstone was laid in 1853. In 1856, with thirty five members, the church began to worship in that building, though it was not dedicated till 1861 when the church had a membership of 66. Now that the membership has again doubled and the congregation increased so much that the old church was too strait for the society, another and a larger and better building, in a more central location has been secured. About $800 have been spent in repairs and improvements and the church debt is now $3500. He appealed to the audience to reduce the debt $300 on the spot, and while the choir sung, a collection was taken up.

We have not learned the exact amount of the collections during the day but learn that the total was between $400 and $500, which will leave the present indebtedness of the society not far from $3000, which it is hoped will be greatly reduced during the coming season.

Great credit is due to the Rev. J. P. Shreeves, pastor of the church, for the inception and successful issue of this new enterprise he having from the first given it his most earnest attention and support.

The Rev. Mr. Van Horne and several other visiting clergymen were present at the dedication and occupied seats on the platform which was beautifully decorated with plants and flowers appropriate to the occasion.

ZION'S NEW RECTOR.

THE FIRST SUNDAY OF THE REV. E. H. KETTELL'S NEW RECTORSHIP.—AN EXPOSITION OF A RECTOR'S DUTIES.—AN APPEAL TO THE UNCONVERTED TO DELAY NO LONGER.

The Rev. E. H. Kettell began his rectorship at Zion church yesterday. In the morning he very appropriately took for his text the first two verses of the second chapter of First Corinthians and his theme was the duties and responsibilities of a rector to his parish.

In the afternoon he took for his text the words, "And they all with one consent began to make excuse." Luke XIV:18. The Gospel is a feast of fat things set before us by our Heavenly Father who has invited all men to come and partake. How do men receive the invitation? Just as in the parable they all with one consent begin to make excuse. The first thing that we notice is that there is a determined, systematic and persistent opposition on the part of men to the Gospel of God. Human history is one black record of opposition to God. It seems as if the great aim of most men's lives was to live in opposition to the Lord who bought them. Flatter men by glorifying human nature, soothe them by teaching that God is satisfied with mere morality, and they applaud the preacher. But let him preach repentance, let him tell of the atonement, let him point them to the cross, and at once they criticise.

If any one is opposed to the cross of Christ that opposition must be broken down. Is it not the only honest thing for people to do to stop in their unholy living and seek to be forgiven? There is infinite willingness on God's part to save men, but men are unwilling to be saved. God says in his Word, "Come unto me," "Come buy wine and milk without money and without price".

In the second place we notice that there is no unanimity in the excuses made. Different pleas are offered. What was done by the invited guests in the parable is done today by thousands and thousands. Let people remember that it is not only open profligacy that will fill hell, but worldliness and putting off duty. Infidelity and crime slay their thousands, but the practice of making excuses slays its tens of thousands.

Let us now consider what excuses are made, and who make them. In the first place there are some people so steeped in sin as to utterly repudiate all the claims of God on them, and they do not even trouble themselves to offer excuses. Among these are the skeptics, scoffers and the profane. With these we have nothing to do at the present time. But there are those who to some extent recognize their duty, but defer performing it?

Among these, first, are those who are absorbed by temporal things to the exclusion of spiritual things. The world draws them, like a magnet, nearer and nearer itself. But who is willing to decline God's invitation to the Gospel feast for the sake of the beggarly prizes of this world and certain punishment in the next?

In the second place, there are people satisfied with the externals of religion. They attend church once a week,—if the sun shines. It is respectable to be connected with the church. They are clamorous churchmen. They are punctilious in the observation of the forms of religion, but their religion is only skin deep. When called upon for work, when called upon to sit down in the company of God's sincere people, they begin with one consent to make excuse.

Thirdly, there are the procrastinators. They are full of excuses. Some are waiting till they experience certain emotions. Some are waiting till they become good enough, and they never reach that point. Some are too busy. Postpone from day to day, and soon you will have postponed too long. Wealth, pleasure, fame, all call to you with syren voices, but if you are wise you will let them go. This may be your last chance. The matter is too solemn and weighty to be trifled with. Mr. Kettell closed with a fervent appeal to his hearers to delay no longer, but at once become reconciled with God.

BUSINESS NOTICES.

IS YOUR LIFE WORTH 10 CENTS?

Sickness prevails everywhere, and everybody complains of some disease during their life. When sick, the object is to get well; now we say plainly that no person in this world that is suffering with Dyspepsia, Liver Complaint and its effects, such as Indigestion, Costiveness, Sick Headache, Sour Stomach, Heart-burn, Palpitation of the Heart, Depressed Spirits, Biliousness, &c., can take Green's August Flower without getting relief and cure. If you doubt this, go to your Druggist James H. Taylor and get a Sample Bottle for 10 cents and try it. Regular size 75 cents. Two doses will relieve you.

☞ Still here, not for a short time, but permanently. Receiving new goods all the time, and our aim is to give our customers such bargains as will please them. Look in our ninety-nine cent store, in Cottrell's block and see our goods. Elegant door mats 99 cts., Hammock 99 cts., Large Lamps 99 cts., Bird cages 99 cts., Large Travelling Bag 99 cts., Umbrella 99 cts., Gent's Fine Bosom Shirt 99 cts., Vases, Toilet Sets &c. And in fact all the novelties of the day. Nothing over and nothing under ninety-nine cents. Cottrell's block, 2d door south of postoffice, Thames street.

Sufferers from dropsy and kidney disease can be cured by using Hunt's Remedy, the great kidney medicine, purely vegetable and used daily by our best physicians in their practice.

☞ The undoubted utility of Milk of Magnesia, both as a preventive and a cure, of the summer complaints of children, should prompt the boards of health of all large cities to order its distribution gratuitously among the poorer residents of densely populated districts. Caswell, Hazard & Co., Agents. myl-1m

☞ One of the most serious objections to the use of Magnesia, both carbonate and calcined, which is in common use, is that it adheres to the coat of the stomach and intestines, and occasions obstructions, which are annoying, and often productive of disease. Such an accident never occurs in the use of Milk of Magnesia. Caswell, Hazard & Co., Agents. myl-1m

Infection in the Air.

At this season the vegetable world takes a new lease of life; but to the sensitive and delicate members of the human family it is a time of danger and great suffering. The moisture which rises from the earth and hangs suspended over it in the form of morning and evening mists and fogs, holds in solution, so to speak the morbific elements which produce fever and ague, remittent fevers, rheumatism, and many painful nervous disturbances and which aggravate dyspepsia, biliousness and all minor affections of the stomach and the bowels. This, therefore, is a critical period of the year, a season when the renovating, refreshing and purifying operation of the mildest of all vegetable tonics and alteratives, Hostetter's Stomach Bitters, is salvation to the weak, and the best security for the continuance of the health and vigor of the strong.

Now is the time not only to protect the system against the common ailments of the season, but to prevent the disorders incident to a warmer temperature. Let not the exhausting heats of the summer months find you unprepared to meet them. A course of Hostetter's Bitters, commenced now, will put all the physical energies in fighting trim, double the capacity of the internal organs to repel the causes of the disease, refresh the brain and clear it of all hypochondriacal cobwebs, and place the whole physique in an attitude of defence, with every available point fortified and guarded and as nearly invulnerable to mischievous influences as it is possible for the human structure to be.

☞ Milk of Magnesia is the best and safest remedy yet discovered for all diseases with which children are afflicted. It corrects sourness or acidity of the stomach, gives the child a quiet, natural sleep, and invigorates the stomach and bowels. This valuable preparation is prescribed by the leading physicians. Caswell, Hazard & Co., Agents. myl-1m

Charles Lamb, Essayist, denounced all spirituous liquors as "Wet Damnation." Poor fellow; he knew whereof he spake, by sad experience, and if living, would apply the same to Alcoholic Excitants, advertised as Cure alls. But there is one Tonic and Alterative in existence—the best the world has ever known—which contains no alcohol. It is DR. WALKER'S CALIFORNIA VINEGAR BITTERS. apr5-4w

STEAM CARPET BEATING.
In Connection with the
NEWPORT LAUNDRY,
we have put upon
STEAM CARPET BEATING MACHINE
by which the Carpets are
Beaten on the Back and Brushed on the Face.
The dust and dirt are fast as beaten out of the fabric, are removed from the compartment where the carpets are beaten, by an
EXHAUST FAN,
which also removes and carries out of the room, any moth or other larva which may be beaten out of the carpet with the dirt and dust, so that there is no possibility of their settling back on the carpet.
Prices for Beating Carpets:
Ingrain and Three Ply, 6 cts. p Yard,
Brussels and Tapestry, 7 " "
Velvet and Wilton, 8 " "
As the machine is under cover, carpets can be beaten in stormy, as well as pleasant weather.
Will be pleased to show and explain the working of the machine to any one who may call at the Laundry.
☞ Orders may be sent by mail, Directed to the Newport Laundry, given to the driver of the Laundry wagon, or may be left at J. D. Richardson's Cigar store, 214 Thames street.
☞ Carpets called for, and returned free of charge.

The Parabola Spectacles and Eye Glasses.
The advantages of the Parabola Glasses over the old form of Spectacles, enable the wearer to prosecute the most trying labors of the eye without those distressing results which follow the use of all other glasses. A peculiar and important feature in these Spectacles is witnessed in cases where young persons have been obliged to resort to the use of glasses, from some physical debility having affected temporarily their vision. In such cases the eye soon regains its healthy powers, and the glasses can be laid aside without having had the least tendency to affect the eyes so as to demand their continuous use. But this is not the case with other glasses; once worn, they become fixtures, and although they give temporary relief, yet from the moment they are first put on there will be a diminishing of the powers of the eye, and consequently a demand for an older or stronger glass in a short period.
These Spectacles can be obtained in this city, only of WM. R. PITMAN, 35 Broadway, Sole Agent.

Newport Daily News.

MONDAY, MAY 3, 1875.

GENERAL NEWS.

FROM WASHINGTON.

The Examination of Bank Checks.

WASHINGTON, May 2.

Officers of banks other than national have applied to have regular bank examiners attend to the inspection of their checks, to see if they are stamped, as they have been ordered to do for the national banks. It has been decided, however, that these examiners are by law confined to the duty with the national banks, and all other banking institutions will be examined by the agents or the internal revenue service.

Return of the Kickapoos from Mexico.

Information has been received here that the officers entrusted with bringing back the Kickapoo Indians from Mexico has succeeded and placed them on the reservation in Kansas. It also seems certain that since the pursuit of a portion of the tribes engaged in the invasion into Texas was pursued into Mexico by Colonel McKenzie and punished, that this tribe has not been engaged in border raids.

FROM NEW YORK.

Marriage of Miss Ida Greeley.

New York, May 1.

Miss Ida Greeley, eldest daughter of the late Horace Greeley, was married today to Col. Nicholas Smith, of Covington, Ky., at the residence of her aunt, Mrs. John F. Cleveland, in West Twenty-second street. Rev. Father Farrelly, an old friend of the Greeley family, performed the ceremony according to the rites of the Roman Catholic church, in the presence of a large number of invited guests, consisting of judges, military and professional men. There was no display of bridal presents, but the floral gifts were rich and numerous. After the ceremony, the bridal party embarked in steamer Abyssinia for Europe.

The Yachting Season.

The yachting season for 1875 will begin about June 1st. The prospects are that the season will be very brilliant. The regatta of the New York Yacht Club will be sailed June 17th. There will be several races for challenge cups, this year, as there are two or three in the hands of the club. The annual regatta of the Brooklyn Yacht Club takes place June 19th. Other clubs, including the Atlantic and Seawanaka Clubs, are pushing preparations for a busy season. A number of fine yachts are being built and will be finished in time to take part in the season's sports.

MISCELLANEOUS.

Scarcity of Coal.

PHILADELPHIA, May 2.

The fear of a coal famine is increasing, shipments from the Schuylkill and Lehigh basins being entirely blocked by the strikers. The malcontents have also crippled the Philadelphia and Reading Iron and Coal Company so effectually that the company has suspended its coast shipments altogether. The Philadelphia and Reading Company is unable to supply its eastern customers. The immense docks at Port Richmond are almost bare of anthracite, and the insignificant amount on hand is being dealt out most sparingly. Retail dealers are compelled to sell but half a ton at a time. It is rather a curious fact that the consumption has fallen off very materially since the scarcity of coal began to be felt. Housekeepers and consumers have grown exceedingly economical in the use of fuel of late, and the bucket and scuttle trade at the small fry groceries has been greatly augmented.

No Arrangement of the Mining Troubles.

POTTSVILLE, May 1.

A report in circulation in many portions of the coal regions that the difficulty would be arranged today between the coal men and miners is untrue. Nor are the prospects good for a settlement by May 10th, as many anticipated, the miners holding out as heretofore and having shown no signs of yielding. Special policemen continue on duty, guarding miners, pumps and branch railroads. They occasionally have trouble with the men, though nothing serious to report of late. It is reported that the miners in the Scranton and Wilkesbarre regions, who have long been working without interruption, will forward $100,000 next week, for distribution among their brethren on the strike in this region.

The New Archbishop of Boston.

BOSTON, May 3.

The pallium was imposed by the papal envoys on the Most Rev. Archbishop Williams in the Cathedral of the Holy Cross yesterday, and the last ceremonies attending the erection of the arch-diocese of Boston took place. The cathedral was filled to its utmost capacity, and an enormous crowd besieged the doors which they were unable to enter. A pontificial high mass was celebrated by the Right Rev. Bishop Hendricken of Providence, a sermon preached by the Right Rev. Bishop De Goesbriand of Burlington and Beethoven's mass in C was given by a large chorus and a double quartette, with full organ and orchestral accompaniment. There was a very large attendance of priests besides many bishops of the church. The services occupied nearly four hours.

One of Butler's Hits.—One of the last as well as one of the neatest hits made by General Butler, just before the close of the last session in Congress, occurred during the famous "dead lock" fight on the civil rights bill. The question of adjournment was under consideration, and General Butler had stepped over to Mr. Randall's desk for a private consultation. Butler favored a Sunday session. Randall opposed.

"Bad as I am, I have some respect for God's day," said the Democrat, "and I don't think it proper to hold a session of Congress on that day."

"Oh, pshaw!" responded Butler, "don't the Bible say that it is lawful to pull your ox or ass out of a pit on the sabbath day? You have seventy three asses on your side of this House that I want to get out of this ditch tomorrow, and I think I am engaged in a holy work."

"Don't do it, Butler," pleaded Sam. "I have some respect for you that I don't want to lose. I expect some day to meet you in a better world."

"You'll be there, as you are here," retorted Butler, quick as thought—"*in a member of the lower house.*"—[Editor's Drawer, in Harper's Magazine for May.

The Cabinet.—Grant has had two Secretaries of State, Washburne and Fish; four of the treasury, Stewart, Boutwell, Richardson and Bristow; two of war, Rawlins and Belknap; two of the navy, Borie and Robeson; three Attorney Generals, Hoar, Akerman and Williams, and at least one more to come; two Postmaster Generals, Cresswell and Jewell; two Secretaries of the Interior, Cox and Delano, and the latter soon to retire. On the whole the tendency is toward improvement. If Grant could stay in until our second centennial he would be pretty sure to be a statesman and get a good Cabinet.—[Boston Herald.

Mortgagee's Sale.

BY VIRTUE of a power of sale contained in a mortgage given by Frank H. Lord to O. D. Brooks dated April 6, 1874, and recorded in Boston Custom House, April 6, 1874, book 47, page 216. For breach of condition of said mortgage will be sold at public auction on Monday, May 24, 1875, at 12 o'clock M., the schooner yacht Bonita, with all her fixtures as she now lies at J. Bradford & Co.'s wharf, Newport, R. I. For description and further particulars apply to J. & L. GOGGESHALL, my1-1w3w Commercial Wharf.

Mortgagee's Sale.

Will be sold at Public Auction, on Friday, May 21st, 1875, at 12 o'clock noon, on the premises.

BY VIRTUE of a power of sale contained in a deed of mortgage, made and executed by William Alderson, dated March 3, 1870, and recorded in book eleven (11) pages 327, 328 and 329, of records of Land Evidence, in Middletown, R. I.; also in book No. 11, pages 108 and 109, of the records of mortgages of real estate, in Newport, R. I., the conditions of the said deed of mortgage having been broken; a certain lot or parcel of land, with all the buildings and improvements thereon, situated in part and chiefly in the town of Middletown, and partly in the city of Newport, in the State of Rhode Island, containing four acres and twenty rods, more or less, bounded and described as follows, to wit: Northerly on land belonging to said town of Middletown; Easterly on Easton's pond; Southerly on land of the heirs of Geo. C. Shaw, and Westerly on a driftway, or however otherwise bounded and described, it is the land conveyed to the mortgagor by deed from W. H. Stanhope, dated September 1st, 1844, and recorded in book No. 10, pages 353 and 354 of the records of Land Evidence, in said town of Middletown.

STATE OF RHODE ISLAND AND PROVIDENCE PLANTATIONS.

OFFICE OF THE SECRETARY OF STATE, Providence, April 23d, 1875.

NOTICE IS HEREBY GIVEN that a petition was presented to the General Assembly at its January session 1875, by George W. Humphrey and others, citizens and taxpayers of the town of Tiverton, representing that in said town a large agricultural district by name, "Annaquatucket Point," is separated from the mainland by a narrow channel of tide water, and that the inhabitants in said town and on said point, are put to serious inconvenience by reason of said tide water obstructing a direct line of travel, thus subjecting them to many additional miles travel in the pursuit of their business and various occupations.

And praying for such legislation as may grant to said town the right to bridge said tide water in such manner as may be thought expedient on proper by the citizens of said town when in town meeting assembled.

And that the House of Representatives ordered said petition to be continued to the next session of the General Assembly.

THE FIJI ISLANDS.—The **Melbourne Age** publishes a series of articles on the present condition of these islands. There are 225 of these in all, it seems, and in nearly fifty of the number white settlers are already established, mustering in all 2000 persons, chiefly adults. Estimates of the total native population vary from 75,000 to 150,000 at the highest; but the islands are able to support some millions of inhabitants in perfect comfort. It is asserted that no less than £650,000 of capital has been invested there under the late precarious government, Sydney contributing nearly £300,000, Melbourne £160,000, New Zealand almost as much as Melbourne, and Germany—for Teuton enterprise, coming first by way of Sydney, was early in the field—£30,000. America is as yet represented by not more than £20,000, whereas one Sydney firm alone has staked £70,000 on the future well-being of the new colony. Of the total mentioned fully half a million has been sunk in starting plantations, chiefly for sugar. The rest is divided over house and boat property, including the sugar mills, which are at full work. Cotton, at the present rate of labor, is found to pay very ill; but growing Indian corn for export to Australia and New Zealand is a profitable and rapidly increasing industry, and tobacco promises to be still remunerative. The climate is said to vary from 65° to as high as 95° in the shade at noon; but during the nine months of the year that the trade wind prevails it is never felt to be overpoweringly hot. For the steady artisan Fiji is at present of course a sort of terrestrial paradise, good living being cheap and wages very high. It is said that the only European family which takes in washing is making £500 a year by that useful branch of business.

Kidney Complaint.

Probably there is no complaint that afflicts the human system, which is so little understood at the present time, as some of the varied forms of Kidney Complaints.

There is no disease which causes such acute pain or is more alarming in its results than when the kidneys fail to secrete from the blood the uric acid and other poisonous substances, which the blood accumulates in its circulation through the system.

If from any cause the kidneys fail to perform the functions devolving upon them, the cumulations are taken up by the absorbents and the whole system thrown into a state of disease, causing great pain and suffering, and very often immediate death. Hence the importance of keeping the kidneys and blood in a healthy condition, through which all the impurities of the body must pass.

PAIN IN THE BACK.

There is no remedy known to medical science which has proved itself more valuable in cases of Kidney Complaints than VEGETINE. It acts directly upon the secretions, cleanses and purifies the blood, and restores the whole system to healthy action.

The following extraordinary cures of great sufferers who had been given up by the best physicians as hopeless cases, will speak for themselves and should challenge the most profound attention of the medical faculty, as well as of those who are suffering from Kidney Complaint.

THE BEST MEDICINE.

EAST MARSHFIELD, Aug. 22, 1870.

MR. STEVENS: Dear Sir—I am seventy-one years of age; have suffered many years with Kidney Complaint, weakness in my back and stomach. I was induced by friends to try your VEGETINE, and I think it the best medicine for weakness of the Kidneys I ever used. I have tried many remedies for this complaint, and never found so much relief as from the VEGETINE. It strengthens and invigorates the whole system. Many of my acquaintances have taken it, and I believe it to be good for all the complaints for which it is recommended. Yours truly,

JOSIAH H. SHERMAN.

Pronounced Incurable.

BOSTON, May 30, 1871.

H. R. STEVENS, Esq.: Dear Sir—I have been badly afflicted with Kidney Complaint for ten years; have suffered great pain in my back, hips and side, with great difficult in passing urine, which was often, and in very small quantities, frequently accompanied with blood and excruciating pain.

I have faithfully tried most of the proper remedies recommended for my complaint; I have been under the treatment of some of the most skillful physicians in Boston, all of whom pronounced my case incurable. This was my condition when I was advised by a friend to try the VEGETINE, and I could see the good effects from the first dose I took, and from that moment I kept on improving until I was entirely cured, taking in all, I should think, about six bottles.

It is indeed a valuable medicine and if I should be afflicted again in the same way, I would give a dollar a dose, if I could not get it without.

Respectfully, J. M. GILE.

161 Third Street, South Boston.

NEARLY BLIND.

H. R. STEVENS: Dear Sir—In expressing my thanks to you for benefits derived from the use of VEGETINE, and to benefit others, I will state;—

When eight or nine years old I was afflicted with Scrofula, which made its appearance in my eyes, face and head, and I was very nearly blind for two years. All kinds of operations were performed on my eyes, and all to no good result. Finally the disease principally settled in my body, limbs and feet, and at times in an aggravated way.

Last Summer I was, from some cause, weak in my spine and kidneys, and it was at times very hard to retain the urine. Seeing your advertisement in the Commercial, I bought a bottle of VEGETINE, and commenced using according to directions. In two or three days I obtained great relief. After using four or five bottles I noticed it had a wonderful effect on the rough, scaly blotches on my body and legs. I still used VEGETINE and the humorous sores one after another disappeared until they were all gone, and I attribute the cure of the two diseases to VEGETINE, and nothing else.

If I am ever affected with anything of the kind again I shall try VEGETINE as the only reliable remedy. Once more accept my thanks, and believe me to be, Very respectfully, AUSTIN PARROTT.

Dec. 1, 1872. No. 35 Gano St., Cincinnati, Ohio.

Diseases of the Kidneys, Bladder, etc., are always unpleasant, and at times they become the most distressing and dangerous diseases that can affect the human system. Most diseases of the Kidneys arise from impurities in the blood, causing humors which settle on these parts. VEGETINE excels any known remedy in the whole world for cleansing and purifying the blood, thereby causing a healthy action to all the organs of the body.

Vegetine is Sold by all Druggists.

Newport Testimony.

TESTIMONY OF MRS. JOHN W. DAVIS

OF NEWPORT.

My grandson, Burnside, was sadly afflicted with Catarrh. Besides the annoying and disagreeable symptoms usually accompanying this loathsome disease, his memory was becoming impaired. He paid little attention to what was going on around him, or what was said to him; did not take much interest in anything, and was gradually losing his hearing. We felt that something must be done to save him, and therefore placed him under Dr. Carpenter's treatment, which proved successful and satisfactory. He is restored to health, both mentally and physically, and to use his own words, is "A NEW MADE BOY." We feel it a duty to make the case public, that others may know where they can obtain relief from that dreadful disease. MRS. JOHN W. DAVIS.

Bay View avenue, April 29th, 1875.

STATEMENT OF MR. G. E. HULL.

This may certify to Dr. Carpenter's success in treating my daughter who had become so deaf from catarrh that we were obliged to speak very loudly to her, to make her hear us. We found that she might become totally deaf, the way she was going on. Dr. C.'s treatment has removed the catarrh and deafness to such an extent, she can now hear a whisper. This case is well known in Jamestown, where we reside.

G. E. HULL.

Newport, April 15th, 1875.

Mr. Arnold's Card.

DR. CARPENTER,—Dear sir: your treatment for chronic catarrh in my case has been successful, although the complaint was of some years standing and had begun to impair my hearing. I think I am perfectly cured and recommend similar sufferers to apply to you. I reside in Jamestown,

F. A. ARNOLD.

NEWPORT, R. I., April 1st, 1875.

Testimony of Captain Hammond of Newport.

W. H. CARPENTER, M. D.,—DEAR SIR:—Allow me to thank you, through the NEWS and JOURNAL, for the great benefits conferred upon me by your treatment for Chronic Catarrh. Five weeks ago, when I consulted you, I was prostrated and nearly worn out with that terrible disease. Under your treatment I began to improve at once, and in two weeks was able to resume my employment, and have continued to improve up to this time. Yours Sincerely,

J. F. HAMMOND,

Newport, March 18, 1875. No. 5 Brinley street.

STATEMENT OF MR. RICHARD STAFFORD.

NEWPORT, Jan. 7, 1875.

W. H. CARPENTER, M. D.—Dear Sir:—Having received great benefit from your treatment of my case of deafness and discharges from my ears, I beg to offer you my sincere and heartfelt thanks, hoping at the same time this correspondence may be of use to you professionally. To the public I would say, (if you decide to put this in print,) that as the result of Scarlet Fever, I was troubled for the whole of twenty years with a filthy, disgusting discharge from both ears, which made me grow deafer and deafer, and caused a polypus to grow in one ear, and I received no relief until I applied to Dr. C., for a remedy. I at once placed myself under his care, and through his skilful treatment I have completely recovered from the unpleasant and deplorable condition I was in. My faith in Dr. C's skill is unbounded as I considered my case about incurable before applying to him.

RICHARD STAFFORD, No. 6 Cross street.

CERTIFICATE OF MR. JOHN CASWELL.

NEWPORT, R. I., Dec. 12, 1874.

TO THE EDITOR OF NEWS:—I wish to recommend Dr. Carpenter's treatment to such of the community as have Scrofula. I inherited it, and it has always run in my blood, and last Fall it became terrible, injuring my health, and attacking my head and face particularly and so disfigured me that a neighbor that met me did not know me until I spoke to him. I applied to Dr. Carpenter, at the Perry House, and his medicines have met with gratifying success. My health is now good, have very little trouble with the humor, face looks natural, and I hope with a little more treatment, to eradicate the poisonous humor from my system entirely. I reside in Middletown.

JOHN CASWELL.

Catarrh and Polypus.

Home Testimony.

NEWPORT, R. I., Nov. 6th, 1874.

This is to proclaim what Dr. Carpenter has done for me. I suffered from Catarrh 40 years, and the last 10 years my nasal passages were filled with Polypus. I employed physicians from time to time, and two years ago, went to Boston, and was doctored there three months, and left off worse than I began, and I was almost discouraged. But I felt that I must do something, for I was obliged to keep my mouth open and my health was becoming impaired. So I went to Fall River last Spring, and placed myself under the care of Dr. Carpenter. His treatment proved highly satisfactory. He removed and cured the Polypus, I can breathe naturally, the Catarrh troubles me very little and altogether I am comfortable and as well as a man 60 years of age, can expect to be, and I hope this testimony may be the means of securing relief to other sufferers. I reside in Middletown.

ASA PECKHAM.

Permanent Cures fo Scrofulous Catarrh.

Testimony of a Citizen of Newport.

My son and daughter were sufferers from Scrofulous Catarrh from birth, and with discharges, swellings upon their necks; and an utter inability to breathe through the nose, they were uncomfortable enough, when we placed them under the care of Dr. Carpenter in 1865. His remedies cured them in a few months and they remain well to this day. I publish this with the hope it may be the means of securing relief to others.

(From Fall River News.)

FALL RIVER, Jan. 29, 1874.

W. H. CARPENTER, M. D.,—My Dear Sir:—Allow me thus publicly to express my gratitude for the great benefit conferred upon me by your treatment. I was afflicted for years with Catarrh which had become a constant torment to me, the irritation and inflammation having increased until ulceration was the consequence. Your treatment has been attended with the happiest results. I am now comfortable, my head feels well, and I believe myself cured of that terrible disease. JOHN BEATTIE, JR.

Mr. Beattie is of the well-known Firm of Wm. & J. Beattie, Jr., Granite Dealers and Contractors, 2 Quarry street.

Catarrh and Blindness.

(From Fall River News.)

Testimony of Mrs. J. Clomb, of Fall River.

I was diseased with an aggravated form of Catarrh ten years, and in consequence my eyes became affected in December last, and grew worse until I could not go about without being led. Was under the care of several doctors and at the Boston Infirmary, but got no help until I consulted Dr. Carpenter at the Mount Hope House, April 2d. Under his treatment I began to improve immediately, and now I consider myself cured. I think everyone should know there is a physician in Fall River who can cure such diseases. As I am not very well known in this city, I am at liberty to refer to W. Scott, Esq., No. 1 Ferry street, who saw me when I was in a state of Blindness and since I was cured.

MRS. JEREMIAH CLOMB.

FIRST AND BEST!

Will Exhibit in Newport.

John H. Murray's

GREAT RAILROAD

CIRCUS.

ESTABLISHED 1864

Twelfth Annual Tour.

MR MURRAY points with pride to the following array of

THE WORLD'S GREATEST ARTISTES,

who will comprise his company for the season of 1875, an assembly without a parallel in the history of equestrian amusements:

First Appearance in America of

HUBERT COOKE,

(From Batty's Royal Circus,) who will appear in his most famous specialty—"The English Jockey."

M'LLE ADELAIDE,

Principal Equestrienne of the same Establishment.

WHIMSICAL WALKER,

Trick Clown and Grotesque, and

M'LLE EVA.

An accomplished Tight Rope Artist, (both from Adams's English Circus.)

PROF. LEON AND THREE SONS,

EDWARD, ALFRED and JOSEPH, (from "Folies Bergeres," Paris and Continental Circuses,) whose superb Gymnastic and Acrobatic Accomplishments are unequalled.

Hector & Faue,

Of world-wide repute, (from the Theatre Royal, Drury Lane, London, (in daring and skillful feats of the Gymnasium.)

In addition to the above new faces, the Manager has Re-engaged the following established favorites, all of whom have just completed a highly successful engagement at Hengler's Grand Cirque, London:

WOODA COOK

Beyond dispute, the Champion Somersault Rider of the World.

M'LLE LOUISE COTTRELL,

Will, at every entertainment, present her new and Astonishing Feat of Performing upon a naked Horse, with all the grace exhibited by the most accomplished lady riders upon the pad.

TOM BARRY,

The Favorite Clown and Vocalist, with a Fresh Budget of Song and Story.

Senorita Millie Turnour,

Equestrienne, and "Queen of the Air."

SIGNOR COTTRELL,

Trick Clown and Performer upon the Rolling Globe. To perfect the rendition of the Thrilling Equestrian Drama of "Dick Turpin,"

JAMES E. COOKE,

The Master 6-Horse Rider,

Has been secured for the title role in which he excels. Participating in the Athletic Trials of Skill, are such sterling actors as

Eugene Leach,
Clifford Leopar,
The Renowned
Cookes,
Hector,
Faue,
Cooke,
Cottrell,
Walker

And Auxiliaries.

FIFTEEN TRICK HORSES,

HAVE YOU TRIED

JURUBEBA?

ARE YOU

Weak, Nervous, or Debilitated?

Are you so Languid that any exertion requires more of an effort than you feel capable of making?

Then try JURUBEBA, the wonderful **tonic and invigorator,** which acts so beneficially on the secretive organs as to impart vigor to all the vital forces.

It is no alcoholic appetizer, which stimulates for a short time, only to let the sufferer fall to a lower depth of misery, but it is a vegetable tonic acting directly on the liver and spleen.

It regulates the Bowels, quiets the nerves, and gives such a healthy tone to the whole system as to soon make the invalid feel like a new person.

Its operation is not violent, but is characterized by great gentleness, the patient experiences no sudden change, no marked results, but gradually his troubles

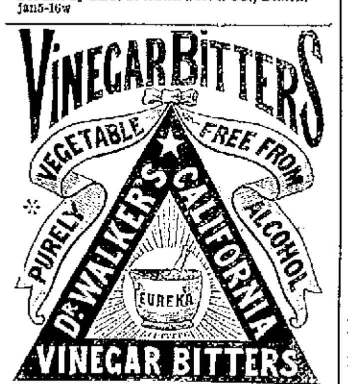

"Fold their tents, like the Arabs,
And silently steal away."

This is no new and untried discovery, but has been long used with wonderful remedial results, and is pronounced by the highest medical authorities, the most powerful tonic and alterative known.

Ask your druggist for it.

For sale by GEO. C. GOODWIN & CO., Boston.

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond point of repair.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that improvement is soon perceptible.

For Inflammatory and Chronic Rheumatism and Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.

They are a gentle Purgative as well as a Tonic, possessing the merit of acting as a powerful agent in relieving Congestion or Inflammation of the Liver and Visceral Organs, and in Bilious Diseases.

For Skin Diseases, Eruptions, Tetter, Salt-Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-worms, Scald-Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humor and Diseases of the Skin of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters.

Grateful Thousands proclaim VINEGAR BITTERS the most wonderful Invigorant that ever sustained the sinking system.
